

SCHOOLS OF
ALACHUA COUNTY

University High School of
Gainesville is Flourishing.

100 PUPILS ENROLLED

Added Every Day—One
and Thirty in the High
School—More Room and Another
Teacher Wanted.

University High School of this
city is making rapid strides and it is
expected that this winter
before. Under the ruling of
the new bill law there has been a
great increase in the high school,
at present time there are 120
pupils in the higher grades, with a
much larger number be-
cause of the term. According
to the hands of Superin-
tendent Kelley there were 400 pupils
last year, while at the
present time there are 450 enrolled,
and they bring more.

Condition of the several rooms
shows one that there is need of
more in order to overcome the
condition of the various de-
partments. It would seem as though
more room could be made smaller
rooms thus gained be used to
increase in making sittings for
pupils. If the pupils continue
to increase each year as they have in
the two years, a new school house
is the next thing to be supplied.
The need of one more teacher
in the schools, who would enable
the instructors to carry on the
work satisfactorily and wish ad-
dition to the pupils. With this one
to the schools there is no de-
ficiency in the State.

In the County.

All the schools in the county
are working nicely, except pos-
sibly eight that were open dur-
ing the summer, which have not yet
started. Two have no teachers at
present but it is expected they can be
supplied.

Superintendent Kelley is de-
voting his careful attention to the
system of the city and county,
and is every reason to believe
that he is meeting with the most suc-
cess in his efforts. He is
devoting much valuable time to
his work.

MELROSE MELANGE.

Of an Old Resident—Lee Good-
appointed Deputy Sheriff.

October 10.—John A. Good-
long resident of Melrose, af-
ter a long illness, died on Friday
morning, leaving a widow and eight
children to mourn his death. No-
twithstanding the showery weather,
a large gathering of friends was
present at the funeral on Saturday af-
ternoon. Rev. T. J. Statron officiating.
The recent wet and dry election
in the county the Melrose precinct
went dry to 1 wet.

W. H. Corpew and son have re-
turned to Miami.

Johnson has accepted the posi-
tion of deputy sheriff for Putnam coun-
ty and will move his family to Palatka
next week.

Those recently returned
from the North are Mr. and Mrs. O. D.
E. E. Price and Col. Yearwood.
The regular monthly council
meeting only routine business was
transacted. The attention of the citi-
zens is called to the mayor's proclama-
tion regarding the cleaning up of
the streets.

Mr. and family have rented the
house in East Melrose.

Attention for Policy Holders.

Oct. 10.—A dispatch to the
Herald from Jefferson City,
Mo., that Governor Folk last night
received a telegram from Thomas W.
Baker asking him to accept a place
as governor on a protective
basis for the policy holders, to
prevent the forfeiture of money by the
New York Life and Equitable
companies, and to "punish" guilty offi-
cials. The governor is very busy
and probably will not be able to accept
the position.

Saleswomen's Peril

GRAVE DISEASES, DUE TO STANDING

Facts About Miss Merkley's Dangerous
Illness and Complete Cure

Have you ever thought why so many
women or girls rather walk an hour
than stand still for ten minutes?

Miss Margaret Merkley

It is because most women suffer from
some derangement of their delicate
organism, the discomfort of which is
less trying when they are in motion
than when standing.

In some states laws compel employers
to provide resting places for their
female employees.

But no amount of law can regulate
the hard tasks of these women. They
must get the strength which this work
demands or run the risk of serious
diseases and the surgeon's knife.

Read about the experience of Miss
Margaret Merkley, 375 3d Street, Mil-
waukee, Wis.:

Dear Mrs. Pinkham—
"Gradual loss of strength, nervous-
ness, bearing-down pains and extreme irritation
compelled me to seek medical advice. The
doctor said I had ovarian trouble and ulcer-
ation of the womb, and advised an operation.
If I wanted to get well, I objected to this
and decided to give Lydia E. Pinkham's Vege-
table Compound a trial. I soon found that
all the good things said about this great
medicine were true. The ulceration soon
healed, backache, headache and nervousness
disappeared, and in a short time I was
strong, vigorous and perfectly well. I wish
every working girl who suffers would try
Lydia E. Pinkham's Vegetable Compound."

Lydia E. Pinkham's Vegetable Com-
pound is a vegetable tonic which invig-
orates and strengthens the entire fe-
male organism, and will produce the
same beneficial results in the case of
any sick woman as with Miss Merkley.

SANTA FE NEWS.

Big Land Deals—Worthington Springs
to Make Great Resort.

Santa Fe, Oct. 10.—There have been
several important transactions of real
estate in this community in the last
ten days. The Irvin Holder farm and
lands consisting of nine hundred acres
in one body—one of the finest tim-
bered tracts of land in the county—was
purchased last week by J. J. Coppage,
representing the W. P. Smith—Ashley
—Coppage Co. of Valdosta, Ga., for
\$6,500 cash. The tract has two hun-
dred acres in cultivation, with substan-
tial buildings. This company has, it
is rumored, bought a controlling in-
terest in the Worthington Springs
property and expect in the near fu-
ture to erect a large hotel and other-
wise improve the property, so as to
make it one of the best and most at-
tractive health resorts in the State.
They are also going into the manu-
facture of turpentine. It is supposed
that they will run one turpentine plant
at Santa Fe and one near the springs
on the Bradford side, as they have
leased and purchased large bodies of
land in both counties, and are nego-
tiating for other bodies of land lying
adjacent to the ones that have been
secured. There are other deals in real
estate being made that we will speak
of later.

Major Tenth and Photographer
Smith visited our burg last week in
the interest of the county's exhibit for
the State Fair at Tampa. They pro-
cured some fine views, which will be
on exhibition at the Fair. The people
seem to be interested in the matter of
Alachua county at the Fair.

The farmers are having a hard time
gathering their four-cent cotton here,
owing to the scarcity of pickers and
the wet weather. Some are paying
\$1.25 per hundred and cannot get pick-
ers at that price.

Two Killed; Two Injured.

Hopkinsville, Ky., Oct. 10.—In a
head-on collision between fast freight
trains on the Louisville and Nashville
line here this morning Engineer Jos.
Hamby and Fireman L. G. Davis were
killed and Engineer William Wood and
Fireman John Burke and J. W. Smith
were injured. All lived in Nashville,
Tenn.

If the Baby is Cutting Teeth

Be sure and use that old and well-
tried remedy, Mrs. Winslow's Sooth-
ing Syrup, for children teething. It
soothes the child, cures the gums,
relieves all pain, cures wind colic and
is the best remedy for diarrhoea. Take
up-one cent a bottle.

MICANOPY MENTION.

Local Happenings and Numerous Per-
sonal Items of Interest.

Micanopy, October 9.—Prof. Oliphant
and family spent a week with Rev. E.
A. Gray on their way to Winter Park.
Prof. Oliphant has a position in Rol-
ins College.

W. H. Sanders has returned home
after spending several weeks at St. Pe-
tersburg.

Dr. Schlater and J. B. Simonton
have been investing in some Kentucky
thoroughbreds. They have some nice
saddle and driving horses.

Ed. Rives is building another store-
room on his lot on Seminary street.

Mrs. Grover has returned home after
spending the summer in Baltimore and
Washington.

P. M. Olson of Gainesville nomad-
ly, of the State of Florida generally,
spent a couple of days in town visiting
his daughter, Mrs. W. A. McGriff.

Capt. J. J. Barr and wife and Mrs.
J. D. Watkins and children returned
home Friday after being away in Ten-
nessee, North Carolina, Washington
and several places in South Carolina
for over two months. They report a
nice visit, but like all Floridians, are
glad to get back home.

The Micanopy high school opened
last week. Miss Collins of Georgia
is principal, Miss Smith of North Caro-
lina is first assistant and Miss Merry
of Micanopy is second assistant. They
have eleven grades now and a proba-
bility of the twelfth grade being start-
ed soon, which will necessitate the em-
ploying of another teacher. They have
been busy this week getting everything
arranged.

Miss Ethel Watkins has returned to
her school at Swannoe after spending
a couple of weeks here visiting friends
and relatives.

The farmers are very busy sowing
seeds, setting out lettuce, cutting hay,
hauling in corn and getting their lands
ready for fall and spring crops. There
has been so much rain that it has been
hard to save hay, but they have learned
to save hay while the sun shines and
quite a lot has been saved this week.
No set of men on earth are as hopeful
as the Florida farmers.

C. E. Melton is building a fifty thou-
sand feet per day capacity saw mill at
this place and hopes to have it in op-
eration by November 1st. This, with
Frater's and Sherhouse's, gives Mica-
nopy three saw mills.

Don't be Imposed Upon.

Foley & Co., Chicago, originated
Honey and Tar as a throat and lung
remedy, and on account of the great
merit and popularity of Foley's Honey
and Tar many imitations are offered
for the genuine. These worthless imi-
tations have similar sounding names.
Beware of them. The genuine Foley's
Honey and Tar is in a yellow package.
Ask for it and refuse any substitute.
It is the best remedy for coughs and
colds. J. W. McCollum & Co.

Play for World's Championship.

New York, Oct. 10.—New York's
champion Glens and their horde of loy-
al followers, left for Philadelphia to-
day for the first game in the series for
the world's championship. The Glens
are slight favorites for the series and
in the best of shape for a hard strug-
gle. It is extremely likely that "Chris-
ty" Matthews will be sent in the
box to handle the first contest, which
the Glens are determined to win. Few
he were recorded yesterday, mostly
small. These were in some cases at
even money on the first game and five
to four on the Glens on the series.

Reception Given Miss Roosevelt.

Tokio, Oct. 9.—(N.Y.H.)—Miss Allen
Roosevelt was given an enthusiastic
reception at Nikko. Nearly all of the
prominent families were represented
at the station to receive her. During
the journey she received greetings of
welcome at the principal stations. At
Utsunomiya she was met by the gov-
ernor and delegates from the Indian
patriotic league, who presented flowers.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Per-
son's Temperament.

Many people believe that blonde, or
light hair denotes affection and kind
hair composure. A person without hair
is not devoid of character, far from it.
The disposition of the average bald-
headed man is to show much solicitude
for the welfare of others, that he sug-
gests himself. A good natured fellow.
Prof. Hagerman, of Paris, France, in-
vestigated a cabinet with thousands of
cases, and he found that bald men
were not only kind but also very
generous. It is necessary to apply
Hagerman's Remedy.

"Destroy the cause—you remove the
effect."
Sold by leading druggists. Send for
sample for sample to The Hagerman Co.,
Canton, Mass.

EST PRICES, and guarantee satisfaction always.

Stock in the Emma Gold Mine

As the price today is the best and safest investment possible to
make.

This mine is opened and ore on the dump. It is not an experi-
ment, but a safe and sound investment.

With every \$100 invested in stock we will issue a 5 per cent gold
bond, insuring the investor from any possible chance of loss.

The gold bonds are as safe as Government Bonds.

We would like to hear from you if you could be interested in a
first-class investment, absolutely safe, and one with the brightest pros-
pects and future of any gold mine ever opened or discovered. It will
bear the closest investigation and we would like to get you interested.
Full particulars for the mere asking.

RIFF & COFFMAN,

Brokers, St. Clair Building, Marietta, Ohio.

Send us a postal for full information. Mines
within 200 feet of the Emma have paid as high as
40 per cent in one year. Watch the Emma Mine
and its dividends.
